SPECIAL CONFERENCES:(12 February)

Each senior Operations Officer will be provided, as per the agenda, one hour with each C/S to review all tasks for familiarization and assessment for the Interim Report on Stage Two. Future planning should await conferences on 13 February and should be predicated upon above findings.

NIGHT SESSIONS:(12 February)

As this may be the only opportunity to speak personally with certain C/Ss, it is urged that every advantage be taken to arrange individual sessions after dinner with all those willing to so participate

PLANNING SESSION:(13 February)

Each senior Operations Officer should be prepared at these sessions to firm up each task and operational procedures in order to prepare final plans for balance of Stage Two on about 15 March 1954.

2. It is believed the foregoing will result in providing a close understanding of the field and ^{for} the latter, an understanding of this Headquarters. It is particularly important that all discussions be conducted in such a manner as to provide the necessary material for the Interim Report on Stage Two. Latter report should define the progress made to date and, when approved by higher headquarters, will provide the authority and necessary guidance for all concerned for the balance of Stage Two.
